

Mid-Market Enterprises (MME) can futureproof their IT infrastructure and get out from under skyrocketing on-premises IT costs with a **unified** cloud solution from PanTerra.

UNIFIED CLOUD SOLUTIONS

WorldSmart is a comprehensive suite of unified cloud services including communications, collaboration, file sync & share and business analytics services. PanTerra's cloud services increase business productivity, lower operating costs, maximize IT flexibility, maintain the highest levels of security and reliability and ensure easy global deployment across your organization.

CLOUD INFRASTRUCTURE

PanTerra's cloud infrastructure significantly reduces costly capex and maintenance contract costs with maintenance-free cloud technology that is ultra-reliable, secure, scalable and globally consistent.

UNIFIED COMMUNICATIONS

Comprehensive hosted PBX with unlimited concurrent calling and advanced UC features built-in with full mobile device support.

COLLABORATION/TEAM

Interactive team collaboration made easy with a unified user interface for file sharing, instant messaging, presence, web meetings, and HD audio/video conferencing.

CONTACT CENTER

Robust ACD queues with skills-based routing, supervisory modes, call recording, business analytics built-in, and support for mobile devices makes our contact center solution more responsive to customers.

BUSINESS ANALYTICS

100+ customizable SLA/KPI performance metrics, real-time and historical monitoring and reporting, advanced notifications, integrated communications for instant corrective action. Support for mobile devices.

FILE SYNC & SHARE

SmartBox combines enterprise file sync & share features with unified communications to deliver communications-enabled content management allowing you to share, communicate and collaborate all in one easy to use solution.

WorldSmart for the Advertising Agency

The advertising industry is multi-faceted and requires an integrated approach with relation to their communications needs. Advertisers need the ability to communicate with their clients and prospective customers through more than just a telephone. They require instant access through video conferencing, web meetings, desk sharing and file transfer. WorldSmart is a complete communication solution, which enables advertisers to deliver quality products and services to their customer-base.

Geographic independence. Advertisers need the ability to do research anywhere. This may mean having researchers in many locations across the country and across the globe. The beauty of using WorldSmart is that it is accessible no matter where you, your staff or your clients do business. Wherever you have a browser, you are attached to WorldSmart – anytime, anywhere, and on any device.

Cloud Storage that Communicates. With the introduction of SmartBox, advertisers can share and communicate directly from inside the SmartBox platform. Whether you need to hold a web conference or start a ConnectMe Video conference, SmartBox

gives you the flexibility your business requires.

Communicating through a variety of mediums. Advertisers require the ability to communicate with their clients via phone, fax, text, instant messaging, conferencing, etc. With WorldSmart, consultants can stay in contact with their clients in the best way possible. When a document needs immediate changes before signature, when a client isn't certain about how to do something, or when collaboration is required to make a time sensitive decision. WorldSmart gives you every communication vehicle you would ever need, and more!

The WorldSmart Advantage. WorldSmart can save you over 75% on your current communications costs while providing all the benefits of cloud-based Unified Communications, including instant access to services, infinite scalability and growth, elimination of on-premises hardware and software obsolescence, consistent reliable infrastructure for multiple locations, remote users and mobile workforce, optimized disaster recovery capability, maximum flexibility and futureproof continuous feature upgrades. WorldSmart brings your communications infrastructure into the 21st century!
